RE: RNP HAS NOT SIGNED ANY PARTNERSHIP WITH HPR AND IMCC FAIR ON ROAD SAFETY

Rwanda National Police (RNP) refutes reports in some media about the alleged partnership with Health People Rwanda (HPR) and International Medical Cooperation Committee FAIR (IMCC FAIR) on road safety.

In light of the misleading reports, (RNP) wishes to clarify that no such partnership was entered into. Instead we only honored their invitation to participate in the advocacy meeting to reduce morbidity and mortality of road accidents in City of Kigali, held on July 21, 2018.

We request and hope that the error is corrected.

END
